▪ **Summary of the bank's internal approach to assess the adequacy of its capital to support current and future activities:**

Assessment of capital adequacy of bank on regular basis taking into considerations the exposure of bank. Also the analysis of possible impact on capital adequacy is being done on regular basis taking into consideration the future impacts on assumptive basis. Capital adequacy of bank and impact in capital due to future change in nature and size of business is discussed in Risk Management Committee and is summarized in board. Regular monitoring of nature of business is being done so that unexpected negative impact could not take place in capital adequacy of bank. Reporting to regulatory body is being done as prescribed by compliance department.

**3. Risk Management Function**

The bank is committed to the identification, monitoring and management of risks associated with its business activities. Management is ultimately responsible to the Board for the Bank's system of internal controls and risk management. In order to enhance efficiency and effective internal control Bank has established the Internal Audit Department. The internal audit of the Bank's branches and departments are carried out on regular basis.

- **Credit Risk**

Bank has put in place a standard procedure regarding documentation procedure, loan appraisal and approval procedure, delegation of authority to different level, disbursement mechanism, monitoring of loans and advances and recovery. Bank has separate Credit Control Unit (CCU) through which the loans are being disbursed irrespective the loan sanctioning authority level. CCU has played vital role in internal check system.

- **Market Risk**

Market risk related to interest rate, stock price are being monitored closely by management and discussions are being held in risk management committee in frequent basis.

- **Operational Risk**

In order to minimize operational risk, bank has been following its operational manual strictly along with NRB Directives and circulars. In addition to strengthen internal control of the bank, internal audit of branches and departments are being conducted in quarterly basis. Further bank has put in place the practice of monthly system review system and daily MIS system for timely information of position bank and detection of errors. Bank has been using various risk mitigating tools like insurance, data back – up, training of staffs etc. Bank has framed AML/ CFT policy to comply with the provisions of NRB and Nepal Government related to AML.
